The N.S.A. has been divided into 12 geographic regions with a Regional Director assigned to each to act as the representative in your area. We hope members will work with them to promote the N.S.A., increase membership and establish regular regional meetings. There are no regional divisions for Canada at this time. Once the United States regions have been well established, then we hope to do the same for our Canadian and other non-U.S. members.
