# STEREO WORLD

★ Suppressed Wheatstone Drawings ★ High Places

NATIONAL STEREOSCOPIC ASSOCIATION

## VERY SPECIAL THANKS!

Once again it is that happy time of year when I have the pleasure of thanking all the members who have generously donated to NSA, above and beyond the minimum of their dues. It was a pleasure writing to "old friends" who have donated each year since the program was instituted, and "new friends" who gave this year for the first time. To all of you, new and old, a heartfelt thank you from the volunteer staff of NSA!

As always, a fraction of this money goes for our operating expenses, to produce a bigger and better *STEREO WORLD* than our regular dues would permit; to pay for the operation of the Holmes Reference Library; and to help support our regional activities.

But this year, a new program has been instituted: some of the funds are earmarked to support research in all phases of stereo, both vintage and contemporary. Our goal is to provide assistance especially to those who are writing articles for the magazine, and thus encourage an even higher level of excellence. An awards committee, chaired by Peter Palmquist, is already in the process of awarding these funds, and potential authors needing help are encouraged to contact him.

All of you public-spirited people can take pride for being part of this very meritorious program, and we will keep you informed as to its progress. Again, thank you all, and next year let's make the participation even greater, and increase the benefits!

**Tex Treadwell**  
President,  
National Stereoscopic Association

### 1985 DONORS

Harry Amdur  
Martha J. Bailey  
Karl and Sarah Baker  
Violet Baker
