**NSA Convention '98
Richmond, VA
August 6-10, 1998**

A Virtual Convention on the Web

Just browsing through the NSA'98 Convention web site should be enough to excite nearly any collector, shooter or digital creator of stereo. Its wealth of information about all aspects of the convention from Trade Fair schedules to Stereo Theater projection details, hotel information, banquet food, convention facilities, and historic tours can make it seem like the event is about to begin at any moment and make you as "hyper" as our convention preview aerial shot seen here.

The same effect can result from seeing the many photos and stereos included, which provide a sneak preview of several historic sites to be seen on the various walking tours and the Monday bus tour. There are even interior photos of the ornate Byrd Theatre in Richmond where *Dial M for Murder* will be shown in original 3-D. Nearly any question you may have about the convention is likely to be answered somewhere within the constantly growing site where all registration forms are also available. If you don't have internet access, visit a friend who does and lean over their shoulder while they check out: http://members.tripod.com/~g_cowardin/nsa/index.htm

5th Day - Monday, 8/10/98

9:30am - 4:30pmHistoric Richmond Bus Tour, All-day tour of historic Richmond and surrounding scenic sites, guided by a costumed living history interpreter. (Tour includes a lunch stop but price of tour does not include lunch.)

This 1995 aerial hyper of downtown Richmond, VA, includes the Richmond Marriott (on the right) and its sky bridge connection to the Richmond Centre, the long structure extending from the middle of the picture to the left edge. NSA '98 events are scheduled in both the hotel and the Richmond Centre, but not (so far) in the round Richmond Coliseum on the left!

Stereo by NSA member J. Hollomon, Scratchy Poodle 3-D Views.
