Shuffle Off...

The 27th annual NSA convention will be held July 19-23, 2001, at the Adams Mark Hotel in Buffalo, New York. Identify yourself as attending the National Stereoscopic Association 2001 Convention in order to receive the group rate of \$90.00 (plus taxes) flat room rate, per night, single, double, quadruple occupancy. This is guaranteed to be the lowest available room rate. Adam's Mark Buffalo, 120 Church Street, Buffalo, NY 14202, (716) 845-5100, reservations: (800) 444-2326.

For more information or forms, contact Marty Abramson, martz3d@aol.com or visit the new convention web site: <http://nsa2001.home.att.net>.

Keystone No. 1029, "Niagara Falls (winter), Niagara Falls, N.Y., U.S.A." Buffalo experienced record snowfalls during the winter of 2000-2001, but we can confidently predict that the falls won't look like this for the tour scheduled during the NSA convention July 19-23.

Thank You

These names weren't included in last issue's list of NSA members who provided extra financial support to the organization—some due to late renewals and some due to a computer file that ended up in the wrong folder. Like those on the earlier list, these individuals deserve the gratitude and appreciation of the organization for their generous support.

Van Beydler	Thomas J. Dooley	Jim McManus	Mitchell Walker
Kenneth M. Blades	Louis E. Goldszer	Yoshihiko Saji	Rick Willbur
Charles U. Buck	Les Heyward	Patrick & Ann Taylor	
Mike Chew	J.J. Larrea	Arthur S. Vaughan
